The certified reports from the Pikwakanagan Referendum Officer and the AOO Ratification Vote Manager are attached.

There have been a number of serious concerns raised and brought forth by Members. We have definitely heard the concerns and matters raised by Members. Some Members have requested that we take a step back and focus on getting those concerns addressed and dealt with by the governments. We are currently doing this. We have indicated to the AOO that we have to take a step back from the process so that Council can focus on getting the Members specific issues addressed. We have already started preliminary discussions with Canada and Ontario on these issues and we will be having more fulsome discussions with them. We will be reporting back to you when developments arise and when we have positive progress.
